## EXPERIENCE

- 07/24-Present **ALMOND** Bangalore  
**Founding Software Engineer**
- Served as a Founding Software Engineer, guiding the end-to-end development of core technological solutions from the ground up.
  - Leveraged expertise in Next.js, PostgreSQL, Drizzle ORM, and tRPC to build innovative product features.
  - Partnered closely with founders to align technology roadmaps with the organization's overarching mission, ensuring strategic and cohesive growth.
  - Championed initiatives that harnessed technology to be the first all-in-one digital trade platform that saves you time, money, and helps grow your business.
- 01/24-07/24 **NOSTALGIC DUST PVT LTD (IVORY)** Bangalore  
**Founding Software Engineer**
- Led as a Founding Software Engineer, playing a pivotal role in developing and implementing technological solutions from scratch
  - Utilized expertise in ReactJs, NodeJs, MongoDB, PWA, and AWS Code Pipelines to drive innovation
  - Collaborated closely with co-founders, to align technological strategies with the company's mission.
  - Spearheaded initiatives that leverage technology to empower the elderly, enhancing cognitive wellness and overall quality of life.
- 12/22-01/24 **THINK AND LEARN PVT LTD (BYJUS).** Hyderabad  
**Member of Technical Staff 1**
- Collaborated extensively with two teams, WhitehatJr and Byju's Neo InClass, to drive technical excellence and deliver exceptional results.
  - Developed multiple highly optimized APIs in Golang for Byju's Neo InClass, enhancing the platform's performance and scalability.
  - Utilized React JS to implement cutting-edge features, resulting in a remarkable 45% reduction in user drop-offs and significantly improving the WhitehatJr InClass experience.
  - Independently led the successful development and release of solutions of over 10 Product Requirement Documents (PRDs), demonstrating strong analytical skills in analyzing specifications and requirements, and effectively planning deliverables.
- 06/22-08/22 **TAP TALENT.AI** Bengaluru  
**Web Development Intern**
- Collaborated with a cross-functional team to develop and enhance 2 of the company's products, utilizing ReactJS to craft responsive web interfaces using ReactJS.
  - Assisted in designing and implementing new features, improving the user experience, and ensuring the product's compatibility with various web and mobile browsers.
  - Gained valuable hands-on experience in web development, honing my skills in ReactJS and contributing to the growth of the organization's digital presence during the 2 months of the internship.
- 04/22-06/22 **APPSKILL TECHNOLOGIES PRIVATE LIMITED** WFH (Noida)  
**Frontend Developer Intern**
- Spearheaded the front-end development of the client's website, leveraging ReactJS to create an engaging and user-friendly web interface; significantly improved user experience and increased customer engagement.
  - Collaborated closely with the development team to design and implement responsive web components, ensuring optimal user experiences across various devices and screen sizes.
- 

## EDUCATION

- 2019-2023 **VELLORE INSTITUTE OF TECHNOLOGY (VIT UNIVERSITY)** Vellore  
**Bachelor of Technology in Computer Science Engineering**
- CGPA: 8.77
  - Published a research paper on Symmetric Encryption using Artificial Neural Network, Binary Tree Traversal, and Interleaving Salting
  - Published another research paper on Predicting Cardiovascular Disease (CVD) Risk Over Time Utilizing Multifaceted Health and Lifestyle Parameters
- 

## OTHER SKILLS

- Technical Skills: React Js, Next Js, Javascript, Redux, AWS, SQL, Firebase, HTML5, CSS, Es6, Typescript,
